Code of Ethics

The purpose of this Code of Ethics is to ensure a high level of honesty and fair business practices among association members. Members agree to strive to meet the following ideals:

1. **Honesty:** Honesty and integrity shall be the guiding principles by which we conduct our business affairs.
2. **Fairness:** We shall be fair in all our business relationships, particularly in the areas of pricing, contracts, restraint of trade and negotiation in order to give our customers the best possible value.
3. **Laws:** We shall comply with the letter and the spirit of all federal, state, and local laws that affect the construction industry and work with legislators to improve these laws. We shall also abide by the by-laws of our association.
4. **Insurance:** We shall always maintain the proper amounts of insurance coverage for our business, employees, and customers as prescribed by the C.Q.C. program.
5. **Safety:** We shall provide safe and healthy workplaces as well as construct safe and healthy buildings.
6. **Design:** We shall strive to design aesthetically pleasing, environmentally sensitive, functional, well-situated, and energy efficient new and remodeled buildings with appropriate drawings, contracts, and specifications.
7. **Quality:** We shall conduct all of our construction work and related services in a careful workmanlike manner in keeping with the industry standards of quality.
8. **Professionalism:** We shall strive to manage our businesses to meet professional standards of our industry and continue to learn by experience, education, research, and sharing with one another in a healthy competitive spirit.
9. **Scheduling:** We shall provide customers with realistic schedules and make every effort to expedite our projects to meet these schedules.
10. **Warranty:** We shall acknowledge any defects in our materials and workmanship and correct them in a mutually agreeable and timely manner.
11. **Payment:** We shall pay all of our invoices in a mutually agreeable arrangement with our creditors.
12. **Opportunity:** We shall be equal opportunity employers and not discriminate in the sales of any of our products and services.

Contractor Quality Commitment Program

TO BE COMPLETED BY CONTRACTORS DOING ON-SITE JOBS

The Contractor Quality Commitment (CQC) program was developed by the small contractors committee of the Pennsylvania Builders Association to provide a program of positive support to the construction industry. The program provides for two phases: to establish criteria for membership and to develop and enforce standards of excellence for reputable contractors and to educate the general public as to the benefit of receiving services from reputable contractors. The BA has developed a local CQC program that identifies acceptable levels of industry professionalism, establishes a screening procedure for new and existing members and provides a method for handling consumer complaints.

CONTRACTOR QUALITY COMMITMENT STANDARD

- A. I agree to meet or exceed the standards established in the current code structures and other local codes, laws or fees which might be applicable.
- B. I agree to provide a one year warranty that would be compatible to the standards that have been established by the National Association of Home Builders (NAHB) for warranty companies.
- C. I agree to abide by the findings of the Standards Committee and promptly respond to and rectify defects as defined by the current code structure and/or NAHB Warranty Guidelines for work or products supplied by the contractor.
- D. I agree to use written contracts and change orders and to describe all prices and specifications accurately and honestly.
- E. I agree to use only materials equal to or exceeding the quality specified in the contract.
- F. I agree to maintain a credit rating that is acceptable to my creditors, suppliers and subcontractors and which conforms to the generally accepted practices within the industry.
- G. I agree to supply the local association with proof of Workers Compensation Insurance (if required by law) and Liability Insurance (Minimum coverage: \$ 1,000,000.00 / occurrence).

I agree to abide by the Code of Ethics and the Contractor Quality Commitment Standards to maintain credibility and to assure public confidence in the Builders Association of Central Pennsylvania.
